6

7 Homework is a constructive tool in the teaching/learning process when geared to the needs and
8 abilities of students. Purposeful assignments not only enhance student achievement, but also
9 develop self-discipline and associated good working habits. As an extension of the classroom,
10 homework must be planned and organized, must be viewed as purposeful to the students; and
11 should be evaluated and returned to students in a timely manner.

12

13 Teachers may give homework to students to aid in the students' educational development.
14 Homework should be an application or adaption of a classroom experience, and should not be
15 assigned for disciplinary purposes.
