7 The Board of Trustees and school staff are operating under unusual, even unprecedented
8 circumstances by virtue of the declaration of a statewide emergency by the Governor and the
9 executive orders related to school closure to address concerns from the current virus and/or the
10 declaration of an unforeseen emergency (community disaster) made by the Board of Trustees. In
11 light of the current pandemic, the Board of Trustees has found it necessary to adopt temporary
12 policies related to emergency school closures, the ongoing provisions of educational services to
13 students, meeting of the Board, gatherings on school property, health and safety of students, staff
14 and community members, human resources matters and budgetary matters. To ensure clarity and
15 transparency, the Board has organized all emergency school policies into a temporary chapter.
16 The Board has also included this introductory section as a heading for each policy to ensure
17 understanding of the purpose and duration of each policy adopted pursuant to this chapter.
