6
7 Student Instruction Resources and Best Practices

8
9 In accordance with Policy 2169 – Proficiency-Based/Transformational Learning and Section 20-
10 9-311(4)(d), MCA, “a school district may include in its calculation of ANB a student who is
11 enrolled in a program providing fewer than the required aggregate hours of student instruction
12 under subsection (4)(a) or (4)(b) if the student has demonstrated proficiency in the content
13 ordinarily covered by the instruction as determined by the School Board using District
14 assessments. The ANB of a student under this subsection (4)(d) must be converted to an hourly
15 equivalent based on the hours of instruction ordinarily provided for the content over which the
16 student has demonstrated proficiency.”

17
18 Proficiency or satisfying aggregate hours of instruction may be achieved through an onsite,
19 District approved offsite, or blended learning model as outline in Policy 1906.

20
21 Best practices, including but not limited to areas outlined below, will assist the District in
22 facilitating quality learning for each student regardless of background or circumstance. The
23 District will develop expectations of Best Practices and make them available to teachers, parents,
24 students and community members.
