

Great Falls Public Schools Good Apple Award Recipient

Sharon Iszler, Secretary, District Offices, was recommended for a Good Apple Award by Cindy Gordon, Executive Assistant, and Becky Nelson, Community Connections and Work Force Development Manager, both District Office Building, because of the following: Sharon is humble and yet so talented. She turns text into a picture that speaks a thousand words. She creates designs like a professional and is always one step ahead! If there is a need to make a postcard or poster, Sharon uses her special talents to create something unimaginable from Newsbits to thank you cards. We work with many people throughout the years, and every so often you are fortunate enough to have a co-worker that is ALWAYS willing to help, ALWAYS has a smile on her face, and is truly TALENTED in all she does. For us, this person is Sharon Iszler in Central Reception. No matter the project or request, Sharon tackles it with enthusiasm and professionalism. This past year, Sharon has turned the weekly GFPS NEWSBITS into a delight! She designs each event into a colorful and exciting notice that employees are anxious to read.
