

Great Falls Public Schools

Good Apple Award Recipient

Heather Spurzem, Benefits Analyst, District Office Building, was recommended for a Good Apple Award by Lori Hoff, GFPS retired educator, because of the following: I live out of state and was unable to attend an insurance meeting during the open enrollment period. I contacted Heather and she promptly mailed me a packet of insurance information. I had questions about changes to the 2021-2022 plan and she provided answers in a knowledgeable and timely manner. I appreciate Heather's professional attitude and expertise in insurance benefits.
