

Great Falls Public Schools Good Apple Award Recipients

Dusty Molyneaux, Supervisor of Music Education with Art Coordinator, was recommended for a Good Apple Award by Tom Moore, Superintendent, District Office Building, because of the following: I would like to recognize the Dusty Molyneaux for his outstanding work during the State Teacher's conference week, October 20th through October 22nd. Dusty Molyneaux, GFPS Fine Arts Director played host to the All State Music Festival for students and the Montana Music Educators' Association Conference. This was an extremely busy time for Dusty planning, organizing and managing the logistics for both activities so effectively! We are blessed to have Mr. Molyneaux leading our music and art programs and staff in Great Falls Public Schools.

Mr. Tom Cubbage, GFEA/ MFPE President and past CMR teacher and Speech/Debate Coach, was recommended for a Good Apple Award by Tom Moore, Superintendent, District Office Building, because of the following: Tom helped to host the Montana State Teacher-Educator conference in Great Falls during the week of October 20-22. This is Tom's first year in his new leadership role at the local level and he did a fantastic job of working with the state MFPE staff and our administrators to ensure a successful conference here in Great Falls. We are blessed to have Mr. Tom Cubbage representing and leading our Public Employees here in Great Falls Public Schools.

Dena Kopp, Para Educator, Great Falls High School, was recommended for a Good Apple Award by Bianca Bouchard, Special Education Teacher, Great Falls High School, because of the following: Dena is a para educator who works for the Life Skills Special Education department at Great Falls High School. Dena is a hard worker who is reliable and responsible. She goes above and beyond with everything that is asked of her to accomplish. She has been a staple in my classroom and has been a great support to other classrooms that are short staffed. Dena is someone who looks for what needs to be done and does not always have to be told. She is fantastic with students in various capacities, and we all enjoy and appreciate her calm demeanor! We are so lucky to have Dena here at Great Falls High and receiving a good Apple Award is the least we can do to tell her thank you for all of her hard work and dedication to our students and school.
