Thank you for your continued support of the Arts in our public schools and in the community of Great Falls. We do amazing things with and for young musicians and artists every day in the schools, and the Arts are a huge part of their complete education. ***The Arts enrich the community in which we live, play, and work.*** Great Falls prides itself on having strong Arts program in our schools, and we need to keep working on enhancing and growing these wonderful opportunities for our students. So please come out and help us celebrate our amazing programs with these events!

Sincerely,

Dusty Molyneaux
