\$10,000 Matching Donor Challenge Benefitting My Neighbor in Need

If My Neighbor in Need can raise \$10,000 in donations in 30-Days
an anonymous, local donor will match the \$10,000 donation!

For 30-days, from Tuesday, November 27th through the close of business on Tuesday, December 26th a fun and unique fundraising challenge will take place benefitting My Neighbor in Need, a 12-year-old non-profit organization born in Great Falls.

“We were approached by a local donor who recently donated \$1,000 to help us reach a previous fundraising goal and he stated that if we could raise \$10,000 in one-month, he would be happy to match the \$10,000. We were blown away by his generosity and after confirming how the \$10,000 Matching Donor Challenge would take place, we were excited to accept his challenge,” said Dave Snuggs, Executive Director. “Because this is only a 30-day donation challenge, every dollar donated brings us closer to reaching the goal and receiving the additional \$10,000,” said Snuggs.

My Neighbor in Need began operation on March 20, 2012 and My Student in Need opened its doors on September 27, 2013. Since the launch, My Neighbor in Need has fulfilled over 17,400 need completions and My Student in Need has fulfilled 4,150 need completions. Both My Neighbor in Need and My Student in Need are managed by just two paid staff members and the organizations do not receive any government funding or United Way dollars.

Donations can be made on-line at www.myneighborinneed.org or by mail at: 525 Central Ave M4 Great Falls, MT 59401 or in person at our office located inside Times Square.
