Big Sky Bus Lines has one primary goal - to safely transport your group while offering the best value. We are fully licensed and insured and meet all D.O.T. requirements. Below is a list of details that will allow our driver to stay within regulated guidelines and assist with trip planning.

~Our motorcoach driver is allowed to drive no more than **10** hours and cannot be on duty for more than **15** hours

~After the driver has been on duty for his 10-15 hours- he/she is required to have 8 hours rest before he/she can officially drive again. Please refrain from disturbing during those 8 hours.

~Please provide a detailed itinerary no later than one week prior to your trip. Please include addresses and as many details as possible. All of the driver's hours of service as well as the trip quote are calculated using your itinerary. The driver is not allowed to stray from the itinerary.

~If you bring food and beverages on the motorcoach, please clean up your trash. There are garbage bags available.

~Our driver will try to plan ahead for his own meal arrangements, but keep in mind there are not always dining facilities near your scheduled events.

~Our driver will do his best to get you where you want to go as quickly and safely as possible. Please remember – HE/SHE MAY NEED TO MAKE A PERSONAL STOP.

~Because safety is #1 – we try to avoid late night travel between the hours of 2am and 5am.

Thank you for choosing to travel with us. If we fall short of your expectations, please let us know.
