

## Great Falls Public Schools Boundary Adjustment Process

### Public Meeting

- The purpose of the Great Falls Public Schools boundary adjustment process is to evaluate the boundaries of all elementary schools within Great Falls, and to make adjustments to account for new school openings along with addressing any imbalances in school utilization.
- Public engagement is an important part of this process.
- The public will also have the opportunity to follow progress as the study continues. You can follow the progress at [www.gfps.k12.mt.us](http://www.gfps.k12.mt.us) “Boundary Adjustment Process”
- The public is invited to attend an informational session on:
